

PRODUCTS FOR CEMENT AND MINERAL

GRINDING AID

PRODUCT	MAIN USE	pH	FEATURE & ADVANTAGE
PLUS EA-6	Grinding aid	9,0 - 11,0	Used grinding aid for cement High productivity Increases compressive strength and air entraining properties.
PLUS EA-7	Grinding aid	8,0 - 9,0	Used grinding aid for cement High productivity Increases compressive strength and air entraining properties.

COMPRESSIVE STRENGTH

PLUS EA-3	Compressive Strength	8,0 – 10,0	Higher cement fineness, increased workability of cement mortars and concrete Reduced cost of cement production through reduced unit grinding cost
